

# #03 HOW MUSIC MAKES ME FEEL

What emotions do your favorite songs inspire in you?

While listening, capture your emotions and moods for each part of the song, following the drawing rules below.

There's room for your top five favorites (a tough decision, we know!).

1. PRESS PLAY!

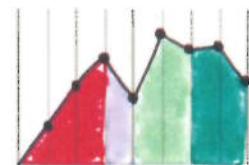

2. Every fifteen seconds draw a dot to indicate the intensity of emotion you feel in the moment.

3. When finished, join all of the dots together.

4. Color each time segment with the emotion you felt at that time.

5. Draw a symbol on top of a time segment to indicate:

Sadness

happiness
